

Save valuable recruiting time by letting us seamlessly post and manage for you!

Wrapping is the quick and easy process of taking job postings from your Web site and posting them to the Yahoo! HotJobs site. We can capture your jobs just as they appear on your Web site and post them to your account – all while maintaining your branding, formatting, and messaging.

HOW DOES JOB WRAPPING WORK?

- 1** | **Jobs are extracted from your career site.**
- 2** | **Then they are sent to us to be posted.**
- 3** | **Your jobs are visible to job seekers on Yahoo! HotJobs.**

WHAT ARE THE BENEFITS?

Save Time

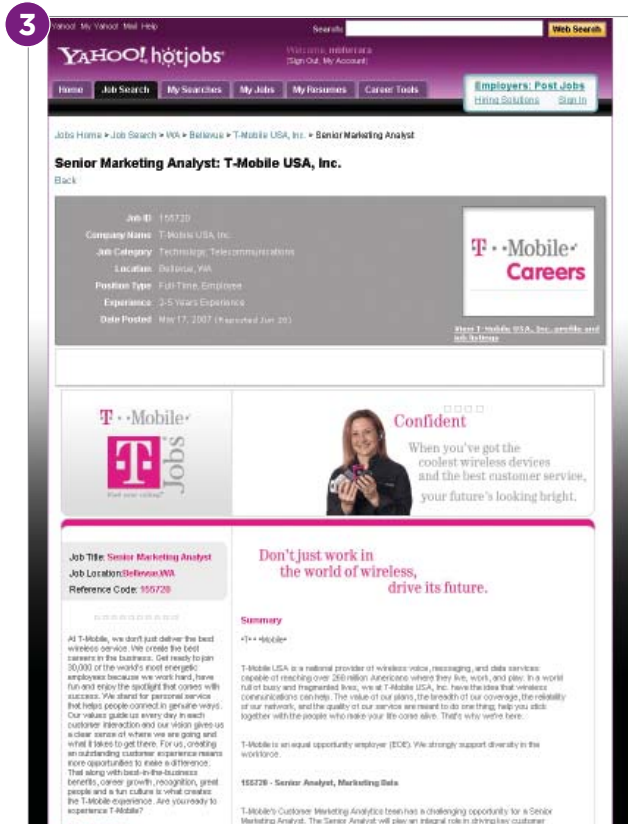

- Simply post your jobs on your site, and your account will automatically reflect any new or changed jobs.
- We will automatically update your jobs daily or weekly. It's your choice!

Seamless Job Management

- Edit or change your jobs, on your site, and your account will automatically reflect your changes.
- Wrap all of your jobs or wrap only a specific location or job category.

Maintain Your Company's Brand

- Use a template on your site and we will capture the look and feel of your job listings.
